

MT. MAHOGANY ELEMENTARY

MISSION STATEMENT

"Mount Mahogany Elementary -- Where student learning is the primary focus for all students and individuals are valued and respected in a safe and caring environment. Where they will prepare to be life long learners and productive members of society."

2013 – 2014

SCHOOL TRUST LAND PLAN

Our 2013-14 School trust land plan is based on three specific reading and language arts goals. Our first goal is to increase Direct Reading Assessment (DRA) proficiency levels by 7 - 10% for students in grades first through third from fall 2013 to spring 2014. To accomplish this the need for additional one-on-one learning opportunities for students is required. Teaching assistants have been hired to work with students in small groups.

Our second goal is to increase Student Growth Percentages (SGP) in language arts for students in grades third through sixth from 40 to 45. Teaching assistants, under the direction of the regular classroom teacher, will use "Double Dosing" strategies to assist students who score below proficiency levels. Also, to enhance our teaching assistants instructional skills, in-service was provided for them before school started in August.

Our third goal is to provide professional development opportunities for teachers as related to reading and language arts. Four teachers will be given the opportunity to attend the CITES conference this spring. The conference will provide opportunities for these teachers to enhance their reading and language arts instructional skills. All teachers will also have the opportunity to participate in other professional development activities throughout the year.

LATINOS IN ACTION

Latinos in Action (LIA) is a cooperative program we have with Pleasant Grove High School. Spanish/English bilingual students come twice a week to help our English Language Learners (ELL). These students tutor in reading fluency, comprehension strategies, vocabulary, parts of speech, and written language etc.

The biggest advantage of LIA is they are able to help students that may be struggling with English by tutoring them in Spanish. This year we developed a resource library for our ELL students that the LIA use to tutor. This library includes leveled books in Spanish, parts of speech activities, high frequency words, common phrases, letter/sound flashcards, and worksheets that meet the new Utah Core Curriculum. We hope to see great gains in our English Language Learners academic progress because of these resources and how they are used with the LIA tutors!

We currently have 11 high school LIA tutors who are working with our students.

TECHNOLOGY OPPORTUNITIES

We have two complete computer labs for student and teacher use. We installed new iMacs in Computer Lab B to supplement the iMacs in Computer Lab A. We also have a "mobile lab" (lap tops) that can travel from room to room.

Each classroom has a document camera and projector that teachers use to enhance their instruction. Students in kindergarten through third grade also have ipads and kindles in their classrooms to support reading and math.

DOUBLE DOSING CONTINUES TO BE SUCCESSFUL

We are in our fourth year of participating in a student remediation program (Tier 2 intervention) known as "Double Dosing." This program focuses on re-teaching reading, writing, and math strategies for struggling students in grades 3rd – 6th. Students targeted for this program are those who are just below grade level.

FUEL UP TO PLAY 60

Mount Mahogany is joining with Fuel Up To Play 60 to get students excited about eating better and being more active. We are using this program as a way of helping everyone be more interested in the food choices they are making and how much physical activity they get daily.
