Employee of year: Linda Gardner

SAGE must be finished by this week - but we finished last week. It went well.

Discussion of time and length of SAGE test. Some clarifications were made about the length of testing versus time spent testing daily, etc.

Second Grade Return and Report

Showed student progress regarding reading goals - had some amazing results due to collaboration days because they were able to go through pacing guides, assessments and mastery connect.

They have started tracking intervention and flex time participation.

They did not get the district grant and are requesting more collaboration funding from the SCC.

Would like to focus on language standards and the essential standards to determine what skills students would need to master them.

Request 3-4 six hour days

Sheri McKell proposes up to \$3200 for second grade summer collaboration.
