**** We are updating the "Born to be Drug Free" letters with our student's baby pictures. If you didn't send in a picture last year, please turn one in this year. These pictures will not be returned and should be no bigger than 4X6. ****

Monday each grade will participate in a Drug Free assembly. Please ask your children what they learned and take time to discuss it with them. It's never too soon to talk to your kids about drugs. You can start things out simply when they are young and gradually add more information as they get older. The best way to really communicate with your child is to have an ongoing conversation. Don't just give your 5 minute talk and be done. Rather, leave the door open for future questions from your child. Let them know you are willing to talk about this topic again and want to hear their concerns and opinions as well.
